

The Clark County Children's Choir is excited to announce that they have been invited to perform in the WorldStrides Heritage Children's Choir Festival in New York City in 2012. We are actively seeking funding to be able to send our performing ensemble to this festival. We have approximately 80 children that qualify for this trip, ages 8-18, plus 20 chaperones. The event is May 3-6, 2012. We are fundraising to cover the children's portion of the trip, which is \$80,000.

Our mission is to "provide opportunities for talented youth of all backgrounds throughout Clark County to develop musicianship and experience musical excellence in a creative, professional and positive environment." Touring and festivals are an essential part of our music program.

Please help support this quality music program and its young musicians as we set our sights to perform in New York City.

Thank you for your support,

Holly Steed
Founder and Artistic Director
